Council/Committee hearing bill: Health Care Regulation

Representative(s) Pickens offered the following:

**Amendment (with directory and title amendments)**

Remove everything after the enacting clause and insert:

Section 1. Subsection (7) of section 155.40, Florida Statutes, is amended, and a new subsection (8) is added to said section, to read:

155.40 Sale or lease of county, district, or municipal hospital and confidentiality of records and meetings of corporations that lease or purchase public hospitals.--

(7) The lessee or purchaser of a hospital, pursuant to this section or any special act of the Legislature, ~~operating under a lease~~ shall not be construed to be "acting on behalf of" the lessor or seller as that term is used in statute, unless the lease or purchase document expressly provides to the contrary.

(8) The records of a private corporation that leases or purchases a public hospital pursuant to this section are confidential and not subject to s. 119.07(1), F.S., or s. 24(a), Art. I of the State Constitution and the meetings of the

000000

Amendment No. 1 (for drafter's use only)

governing board of a private corporation that leases or  
purchases a public hospital pursuant to this section are not  
subject to s. 286.011, F.S., or s. 24(b), Art. I of the State  
Constitution.

Section 2. The Legislature finds that it is a public  
necessity that the records of a private corporation that  
purchases a public hospital be made confidential and exempt from  
public records requirements and the meetings of the governing  
board of such corporation be made exempt from open meetings  
requirements. The Legislature has always intended that private  
entities that purchase public hospitals are not subject to the  
public records laws and open meetings laws of the state because  
the private entities do not "act on behalf of" the public  
entities from which they purchase a public hospital. Some recent  
court decisions, however, have found that private entities that  
purchase public hospitals are subject to the public records laws  
and open meetings laws and have failed to recognize that the  
public entity does not retain any control over the private  
entity or the formerly public hospital following the sale of a  
public hospital to a private entity. Therefore, the Legislature  
finds that it is a necessity to confirm its intent that private  
entities that purchase formerly public hospitals are not subject  
to the public records laws or open meetings laws. With respect  
to lessees of public hospitals, such lessees also do not "act on  
behalf" of the public entity except as provided in this section  
and are not subject to the public records or open meetings laws.  
To find otherwise would place private entities that purchase or  
lease public hospitals at a competitive disadvantage compared to  
other private entities that own or lease private hospitals that  
were not formerly public hospitals and would serve as a

000000

HOUSE AMENDMENT FOR COUNCIL/COMMITTEE PURPOSES

Amendment No. 1 (for drafter's use only)

52 disincentive to private entities considering the purchase or  
53 lease of a public hospital. Public entities choose to sell or  
54 lease their public hospitals to private corporations when the  
55 public entity is no longer able to operate the hospital in a  
56 fiscally responsible manner and where taxpayers would otherwise  
57 be required to finance the operations of the hospital beyond  
58 indigent care. If the public records laws and open meetings laws  
59 apply to private corporations that purchase or lease public  
60 hospitals, public entities may find it difficult, if not  
61 impossible, to find a private corporation that is willing to  
62 purchase or lease a public hospital. This could force the public  
63 entity to close the hospital, which would result in a reduction  
64 in health care services to the public, or continue operating the  
65 hospital using public tax dollars to subsidize recurring losses.  
66 Neither of these options is in the best interest of the public.  
67 The Legislature, therefore, finds that it is a public necessity  
68 to confirm that the public records laws and open meetings laws  
69 do not apply to private corporations that lease public hospitals  
70 where the lessee does not act on behalf of the public entity.  
71 The Legislature further finds that any private corporation that  
72 purchases a public hospital, regardless of whether the  
73 corporation had previously leased that public hospital, does not  
74 act on behalf of the public entity.

75       Section 3. This act does not change existing law relating  
76 to discovery of records and information that are otherwise  
77 discoverable under the Florida Rules of Civil Procedure or any  
78 statutory provision allowing discovery or pre-suit disclosure of  
79 such records and information for the purpose of civil actions.

80       Section 4. This act shall take effect upon becoming a law  
81 and shall apply to all private corporations that have purchased

or leased public hospitals regardless of whether such purchase  
or lease occurred prior to the effective date of this act.

A bill to be entitled

An act relating to public records and meetings; amending  
s. 155.40, F.S.; providing that the records of a private  
corporation that purchases or leases a public hospital are  
confidential and exempt from public records requirements,  
and the meetings of the governing board of such  
corporation are exempt from open meetings requirements;  
providing for future review and repeal; providing a
